180 000 € inc. taxes

Resume

The Dufour 360 sailboat is a cruising monohull, built by Dufour Yachts in France.

This fixed keel sailboat, designed by Italian naval architect Umberto Felci, measures 10.73 meters in length with a maximum draft of 1.90 meters and a beam width of 3.54 meters.

Production started in 2017.

Various equipment options are available depending on the sailing program.

You navigate with a double wheel steering system, and the sail plan is approximately 60 square meters when sailing upwind.

It is equipped with an inboard Volvo Penta engine.

The interior is spacious and bright; the accommodations are simple, functional, and the wood finishing is understated and warm.

It is a well-balanced and versatile sailboat that will adapt equally well to family cruising, challenge the crew in racing, and even make you dream of offshore adventures...

You sail with a double steering wheel and the sail area is about 60 m2 upwind.

She is equipped with a Volvo Penta inboard engine.

The interior is spacious and bright; the fittings are simple, functional and the wood finish is sober and warm.

It is a well-balanced and versatile yacht that will adapt well to family sailing, challenge the crew in regattas and even make you dream of the open sea...
