PANTAENIUS CHARTER INSURANCE

Skipper's Liability Insurance

Skipper's liability insurance covers damage that is caused to third parties through the use of the chartered motor or sailing yacht and tender by the skipper and crew. Included in the insured risks are damage to other ships and to harbour or jetty installations. Damage arising from gross negligence on the chartered ship and not covered by the lessor's hull insurance is also included. Also included is cover for loss of charter revenue, confiscation, hotel and transport costs and financial loss.

Trip Cancellation Costs Insurance

The insurance reimburses any contractually payable charter cancellation costs and outward and return journey costs arising from the non-availability of a non-commercial skipper or one or more crew members, or, if the journey is abandoned after commencement, any additionally incurred return journey costs and the relevant portion of the charter costs.

Always safe: Protection for skipper and crew in case of withdrawal or cancellation due to illness caused by Covid-19. Option without deductible is available.

Travel Abroad Health Insurance

In addition to costs of medical treatment, medication and admission to hospital, foreign travel health insurance reimburses any return ambulance transport to the home country or repatriation costs in case of death.

Personal Accident Insurance

The accident insurance in our charter package provides cover in cases of death and invalidity, including a number of aspects that are not protected by general accident insurance. Skipper and crew are insured during private use of the chartered yacht, tenders and watersports equipment and for trips ashore of up to 48 hours.

Bond Insurance

Bond Insurance refunds the bond deposited by you if the charterer withholds such bond following an event of loss.
